Sintex

Doff Baskets

Sintex doff-baskets are ideal solution to prevent the yarn from damage while handling. They get best fabric out of it and saves valuable floor space in factory. These stackable baskets are widely used in textile spinning, finishing, ring doubling, twisting & washing departments & various other applications in other industries also. Lighter in weight than the conventional ones, these baskets are maintenance free also. Sintex doff-baskets don't bend or crack and can be mounted on trolleys also. Sintex Doff Baskets are in use in most of the reputed textile enterprise for storage, handling & weighing of half doff, full doff, bobbins, dyed and undyed cones as well as grey and finished yarns in spinning, weaving and texturising departments.

Features

- ▶ Moulded out of superior grades of polyethylene
- ▶ Seamless and smooth inside out
- ▶ Strong and many times more durable
- ▶ Maintenance free
- ▶ Stain free, snag free
- ▶ Stackable and nestable hence saves floor space
- ▶ Range of color options
